SMIT Online Test Pattern:

- All Questions will be in English and of multiple-choice questions (MCQ) type.
- The total number of questions are 60. The respective exam sections will be, Maths (20 questions), Physics (15 questions), Chemistry (15 questions), and English (10 questions).
- Total Mark: 100
- Total exam duration is 90 minutes.
- All questions are compulsory.
- There will be **no negative marks** for wrong answers.
- **The merit list will be prepared based on the candidate’s score in SMIT Online Exam.**
- In case more than one candidate secures the same marks (tie), tie will be broken by awarding higher rank to the candidate with the higher score in the mathematics section of SMIT online test. If the tie persists, higher score in physics section will determine the higher rank. Subsequently, higher score in chemistry section then score in English section decides the higher rank. In case where all four subjects mentioned above are having equal marks, the candidate senior in age is to be ranked higher.
- In case of any dispute, SMIT decision on the Rank finalization shall be final and no further communication will be entertained.
